THE CALIFORNIA POWDER WORKS,

230 California Street, SAN FRANCISCO, Manufacture and have constantly on hand

SPORTING,

MINING,

and **BLASTING**

POWDER,

A superior quality, fresh from the mills. It is being constantly received and transported into the interior, is delivered to the consumer within a few days of the time of its manufacture, and is in every way

Superior to Any Other Powder. In the market. We have been awarded successively

Three Gold Medals!

At the MECHANICS' INSTITUTE and the State Agricultural Society for the superiority of our products over all others. We call attention to our

Hercules Powder,

Which combines all the force of other strong explosives now in use, and the lifting force of the very

BEST BLASTING POWDER, Thus making it vastly superior to any other compound now in use

Circular containing a full description of this powder can be obtained on application at the office of any of our agents.

JOHN F. LOHSE, Sec'y.

MATT RHEIM,

Administrator of the estate of Mary C. Rheim, deceased.

Dated at Reno, Nevada, April 6, 1889.

NOTICE TO CREDITORS.

ESTATE OF MARY C. RHEIM. NOTICE IS HEREBY GIVEN that at a meeting of the Board of Directors held on the 20th day of March, 1889, an assessment (No. 19) of \$10 per share was levied upon each and every share of the capital stock of the estate, payable immediately in United States gold coin, at the place of business. Any stock upon which the assessment shall remain unpaid on the 30th day of April, 1889, will be delinquent and advertised for sale at public auction and unless payment is made before, will be sold by the Secretary at the office of the Company at Reno, Nevada, on the 33rd day of May, 1889, at 12 o'clock noon every day, to pay the delinquent assessment and the expense of sale. By order of the Board of Trustees.

J. J. BECKER, Secretary.

Per J. S. GILSON, Deputy.

ASSESSMENT NOTICE.

OBITUARY NOTICE.

UNITED STATES CONSULS.

A Hundred Applicants for Every Position—Poor Salaries.

Applicants for appointment in the Consular service will not be encouraged by the fact that the entire number of Consuls to whom salaries are paid is only 218. Of these twenty-two are Consuls-General whose salaries vary from \$3,000 to \$6,000 per annum. There are six classes of Consuls, exclusive of Consuls-General, the highest class receiving \$3,500 per annum and the lowest \$1,500. There are but seven in the highest class, of which six are in China and one (Callao) in Peru. The \$3,000 per annum class numbers eighteen, the \$2,500 class fifty-one. The remainder are in the two classes that pay respectively \$1,500 and \$1,000 per annum. The supply is about equal to one Consul for every one hundred applicants, allowing that 25 per cent. of those now in office will be retained. Applicants not supported by potential influence will appreciate how slim are their chances for success. In addition to the salaried Consuls, there are a number of Vice-Consuls, Commercial Agents and Consular Agents, to whom no salaries are paid, but who are allowed to appropriate all fees collected up to \$1,500 per annum. All Consular officers are required to keep an account of fees received, which fees are prescribed by law, and make a report to the Treasury. There is a great deal of exaggeration about the amount of Consular fees. The Consul-General to London is paid \$6,000 salary, and the fees must be paid into the Treasury. For performing work not required by law he can charge fees, which he can retain. The aggregate of these will not exceed the amount of his salary. This is the practice at all Consulates.

The Policy the President Will Pursue With the South.

WASHINGTON, April 6.—The delegations of Southern office-seekers who have called upon the President are becoming alarmed at the possibility of their claims being put aside. The President has told them in so many words that he wants to extend the lines of the party in the South so as to embrace within its organization white men of independent views. In other words, he proposes to find men of influence among the conservative element of the Democratic party who will accept prominent offices and serve as a nucleus for a new organization. These announcements are causing the Southern Republicans to run in great distress to the Northern leaders of the party to have them enter a remonstrance. But General Harrison has demonstrated beyond a question the fact that he is President of the United States and that he is going to give the offices to whomever he thinks best.

The New Coast Defense Vessel.

WASHINGTON, April 5.—At the Navy Department it is generally believed that the contract for building the new armored coast defense vessel, for which bids were opened on Monday, will be awarded to the Union Iron Works of San Francisco. Mr. Scott's bid was for about \$1,628,000, guaranteeing all that the specifications required against a bid of \$1,614,000 from the Cramps, making several important modifications and refusing to guarantee the horse-power specified in the contract. The extra \$14,000 it is thought, will not stand in the way of the acceptance of the bid, inasmuch as Scott guarantees everything, and Cramp practically nothing. It is understood that Charles Cramp, the President of the firm, left for home this morning after telling several people that he had given up all hope of getting the job.

Death of Sergeant-at-Arms Christie.

WASHINGTON, April 6.—James I. Christie, Assistant Sergeant-at-arms in the Senate, died suddenly of pneumonia here this morning. Christie had been in the employ of the Senate for nearly thirty years, and had held his present position about eighteen years. He was the most popular officer of the Senate, and had friends in every State and Territory in the Union. Christie was a native of New Hampshire, and was forty-six years old last May.

James Christie contracted pneumonia during the inauguration ceremonies. He always had charge of the funerals of Senators.

It is proposed to have monster demonstrations all over the country on July 4th, in support of the movement to inaugurate an 8-hour system on May 1, 1890. In the large cities the agitation is becoming popular.

Ex-Governor Porter, Minister to Italy, has been attacked with a disease similar to that which afflicted Hendricks and resulted in partial paralysis and death. No one but the members of the family are permitted to see him.

By direction of the President the State of Wisconsin has been transferred from the military department of the East to the Department of Dakota.

WILL PROBABLY SUE.

The Lyon County Times has the following on the special election matter:

At the meeting of the Board of Commissioners last Monday no action was taken in regard to the notification from the State that the special election expenses had been cut down about 25 per cent., although it was stated by the Chairman that the County Commissioners of Storey county would probably bring suit to recover the full amount from the State that was allowed by them for election services. It was also suggested by Mr. Shaw that if suit was to be brought against the State that it be done jointly by the several counties. This, it seems, would be a good idea, as it is evident that none of the counties like the reductions made, for the reason that each county will be bound to pay the bills contracted. In Lyon county the reduction was lighter than in other counties. The Commissioners acted in good faith; appointed inspectors, and made preparations for the election as provided by the law, and were bound to foot the bills. We do not believe that the law contemplates that the State Board of Examiners shall have any more power in this matter than to examine the bills of the several different counties and vouch for the correctness of the bills as certified to by the Commissioners. The heaviest cut in the expense bills in almost every county was against the newspapers for advertising, of course. The State Board says the law contemplated that only one publication should be made of the election proclamation. This is not so, nor does the law thus provide. What it does say in that notice shall be given five days previous to said election. In this case, if the paper in which the publication was made is a daily, and the Commissioners in that county saw fit to publish the notice each day, we hold they could do so. In weekly papers, most all of which are published on Saturdays in this State, five days notice could not be given by publishing the Saturday before the election, as the election was held on Monday. It therefore required the Commissioners to have the notice published nine days before the election. This was done in this county, and the bill allowed for two insertions. The other reductions were made in the Clerks' fees, Sheriff's fees, and the compensation allowed inspectors, and mitigated allowed messengers. As before stated, it is no doubt right that the Board of Examiners should examine the bills allowed by each county, and see that they were correctly figured on by the Commissioners, but that they have the power to adjust these bills over the Commissioners is very doubtful. It is hoped that the suggestion of the Chairman of our Board will be considered. It will be less expensive for each county to try the matter in this manner than any other way.

SORRY HE IS SO RICH.

Jay Gould Says No One Should Have Over a Million.

NEW YORK, April 2.—It is a long time since Wall street was so thoroughly interested in Jay Gould and Jay Gould's movements as it is at present. The shrewdest brokers on the street believe now, or at least profess to believe, that the little financier is directly responsible for the present weakened and vacillating market and the serious decline in prices which has recently occurred. One result of the situation is that more stories are told about Gould than have been for a year in the Wall street offices. One of these stories has reference to a conversation between Gould and a friend, in which the little magnate expressed the interesting opinion that no man should have more than \$1,000,000. On the friend expressing some natural astonishment over this statement coming from Jay, he replied that the possession of more than one million dollars was apt to lead to extravagance, and individual extravagance was bad for the country.

"But," remarked the friend, "what would you do with all the money you have over \$1,000,000?"

"I suppose," replied Jay seriously and meditatively, "that I would have to keep it."

That this story is true can be more easily believed when it is remembered that the philanthropic Jay expressed similar sentiments at a public meeting in Kansas City some four or five years ago. On this occasion, however, he went on to offer a reason for his own gigantic financial possessions, and said that for years he had been in business, not for the purpose of making money, but simply to assist in the work of developing the country. In prosecuting this philanthropic scheme he had incidentally made a good deal of money, but that was something he had not been able to prevent.

Towles' Pulp Mill.

A Truckee Republican representative had occasion to visit the pulp mill of Towles Bros., at Towles' Station, last Thursday. The mill is now running to its utmost capacity and is turning out about seven tons of wood pulp daily, which requires the consumption of about ten cords of wood. Tamarack wood only is used.

The wood is deprived of its knots and bark and is then fed into five large grinding machines which reduce the wood to a pulp. The pulp is ground in water, and after the water is screened off the particles of wood it is run out to a felt blanket which passes around a number of cylinders. The wood fiber sticks to the blanket and is finally collected on a cylinder, from which it is stripped in sheets six feet long and three feet wide. It is then folded up and taken to the stowhouse. It is shipped to the Stockton paper mill, where it is packed up and about 15 per cent. of rags is added to it. It is bleached and rolled into paper. The San Francisco Chronicle uses paper made from this pulp. About twenty men are employed in the mill.

The Placerville Observer, of Tuesday, says:

Mrs. Louis Dean and Miss Weidman, residents of Stockton, were registered at the Cary last week, which place they used to call home.

THE WASHINGTON CENTENNIAL.

The President Proclaims the 100th Anniversary of Washington's Inauguration a National Holiday.

WASHINGTON, April 5.—The following proclamation was issued this afternoon by the President of the United States of America.

"One hundred years have passed since the Government which our forefathers founded was formally organized. At noon, on the 30th day of April, 1789, in the city of New York and in the presence of an assemblage of heroes men whose patriotic devotion had led the colonies to victory and independence, George Washington took the oath of office as Chief Magistrate of the new-born republic. This impressive act was preceded at 9 o'clock in the morning in all the churches of the city by prayer for God's blessing of the Government and its first President. The centennial of this illustrious event in our history has been declared a general holiday by Act of Congress to the end that the people of the whole country may join in commemorative exercises appropriate to the day. In order that the joy of the occasion may be associated with the deep thankfulness in the minds of the people for all our blessings in the past and devout supplication to God for their gracious continuance in the future, representatives of religious creeds, both Christian and Hebrew, have memorialized the Government to designate an hour for prayer and thanksgiving on that day.

"Now, therefore, I, Benjamin Harrison, President of the United States of America, in response to this pious and reasonable request, do recommend that on Tuesday, April 30th, at the hour of 9 o'clock in the morning, the people of the entire country repair to their respective places of divine worship to implore the favor of God that the blessings of liberty, prosperity and peace may abide with us as a people, and that His hand may lead us in the paths of righteousness and good deeds.

"In witness whereof I have hereunto set my name and caused the seal of the United States of America to be affixed. Done in the city of Washington this 4th day of April, in the year of our Lord one thousand eight hundred and eighty-nine, and of the independence of the United States the one hundred and thirteenth.

BENJAMIN HARRISON, President.
"By James G. Blaine, Secretary of State."

UNIVERSITY REQUIREMENTS.

Curriculum Proposed by the Principals of the San Francisco High Schools—The Nevada State University.

The Enterprise, of Sunday, says:

The conference held on Tuesday evening last at the Mechanics' Institute, San Francisco, between members of the faculty of the California State University and public high school Principals was of especial importance to the educational interests of the whole Pacific Coast. Representatives were present from the high schools of San Francisco, Oakland, Berkeley, Sacramento, San Jose, Alameda and the Hopkins Academy. The committee appointed at a previous meeting prepared its report, and after considerable discussion the following curriculum was finally adopted. It will be established in the high schools throughout California as soon as practicable, and then the schools will be visited by the faculty of the University, upon whose favorable report the graduates of the schools will be recognized as entitled to admission to the University without examination.

Scientific course, junior year—Algebra to quadratics, first term; five recitations a week; second term, five recitations a week; English 5 and 5; science 4 and 4; Latin 5 and 5; Roman history, 4 and 4. Science Latin will be optional.

Middle year—Plane geometry, 5 and 5; English 5 and 5; science 4 and 4; Latin 5 and 5; Roman history 4 and 4. The two last will be optional.

Senior year—Algebra to quadratics, five recitations in first term; dropped in second; English 5 and 5; science 4 and 4;

Government of the United States, 4 recitations in the last term; solid geometry, 5 in last term. The last is optional. Government of the United States is recommended as a requirement for admission to the University.

Literary course, junior year—Latin 5 and 5; English 5 and 5; algebra to quadratics, 5 and 5; Grecian history, 4 in last term.

Intermediate course, junior year—Latin 5 and 5; English 5 and 5; algebra to quadratics, 5 and 5; Grecian history, 4 in last term.

Senior year—Latin 5 and 5; English 5 and 5; English, 5 in first term; Government of the United States, 4 in last term; mathematics, 5 in first term.

Classical course, junior year—Latin 5 and 5; English, 5 in first term; mathematics, 5 and 5; Greek, 5 in last term; Grecian history, 4 in last term.

Middle year—Latin, 5 and 5; Greek, 5 and 5; English, 5 in last term; mathematics, 5 and 5; Roman history, 4 in first term.

Senior year—Latin, 5 and 5; Greek, 5 and 5; English, 5 in first term; Government of the United States, 4 in last term; mathematics, 5 in first term.

Twenty recitations, each 45 minutes in length, are regarded as the maximum weekly work.

Nevada also has a State University, partaking perhaps more of the military than educational in some of its features, but the foregoing is respectfully recommended to the especial attention and practical consideration of the entire ruling and controlling management thereof, in the interest of the rising generation of our Sagebrush State.

The Building and Loan.

The Union Building and Loan Association, a local organization, met last Saturday evening, and elected the following gentlemen as a Board of Trustees to serve for the first six months: C. T. Bender, L. D. Folsom, S. J. M. Fulton, A. G. Fletcher, Charles Gull, Houghkinson and Jerry Whited. Articles of incorporation were filed yesterday.

The Inquest.

Coroner Peers' inquest as to the cause of the late railroad accident is still in progress, and may not be concluded to-day, as the investigation is necessarily slow.

Engineer Thatcher, Conductor Clark, fireman Lundstrom, brakeman Cross and engineer Perkins have been examined so far.

From Mr. Cutts, Superintendent of the Vivian Mill, the Carson Tribune learns that the Carson river is well up to its banks and that much water is running to waste.

THE TOMB.

HOLLARDAY—In Reno, Nevada, April 7, 1890, James F. Hollarday, aged 60 years.

ROYAL BAKING POWDER
Absolutely Pure.

This powder never varies. A marvel of purity, strength, and wholesomeness. More economical than the ordinary kinds, and cannot be sold in competition with the multitude of low test, short weight, alum or phosphate powders. Sold in 1 lb. cans.

ROYAL BAKING POWDER CO.,
106 Wall St., New York.

For Sale.

The Black Horse Livery Stable, consisting of a four year lease, five horses, including a stallion, wagon, buggy and sulky harness, saddles, and other things too numerous to mention. Time given on good security. Apply to DR. T. HANSELL.

TUESDAY APRIL 9, 1889

TOWN AND COUNTY.**BREVITIES.**

Go to Lange & Schmitt for paints. Bull for sale. See 50 cent column. There are no houses to rent in Reno. A gentle rain storm yesterday morning. All Doten has been in town a couple of days. Black Horse stable for sale. See 50 cent column. Senator Emmitt leaves this morning for his ranch up north. Go to Lange & Schmitt for garden hose. Best value in the State. Atkinson's "Peck's Bad Boy" will be here next Monday night. Dr. Greenlaw and wife have returned from their trip to the Bay. Supt. Fillmore, of the Southern Pacific, was in town Sunday morning. Charley ("Black") Wallace was a passenger for Carson yesterday morning.

A. McIntosh is confined to his home. He has not been very well for six weeks. Ben Steinman, of Sacramento, was a passenger for the East on Sunday's Vestivit. John W. Mackay was a passenger for San Francisco from the East last Saturday night.

The Comstock "Miner" predicts that Evan Williams will be the next Governor of Nevada. S. Jacobs has returned from the Bay, and his immense stock of new goods is now arriving.

The place to buy choice garden, field and flower seeds at low prices is at Osburn & Shoemaker's.

Mining stocks continue to advance five cents a day, and the local operators have hopes of a Spring market.

Mrs. D. B. Boyd left Sunday evening for Portland, called thither by the serious illness of her daughter Leota.

The Truckee sawmills will commence to start in about ten days. This will be a very early start compared with many former years.

Will Craig, who went below last week, is reported to be beyond hope of recovery from the dread consumption that has seized him.

Household furniture, etc., will be sold at auction on Wednesday, April 10, at 2 o'clock, at the residence of E. Meyer, opposite freight depot, Plaza street.

The students of the Reno High School have in rehearsal the drama "Bread on the Water," which they expect to be able to present to the public on the night of April 23d, for the benefit of the public school.

Mr. and Mrs. Pierce Evans returned from Oakland yesterday, where Mrs. Evans has been sick for several weeks. Her large circle of friends will be glad to know she is now enjoying her accustomed good health.

The Reno Water Company have been cleaning out the big reservoir for the past three days, and consequently the city has been without the high water pressure during that time, but it was turned on yesterday afternoon, and although muddy for a little while, it was very acceptable.

The McNish, Ramza and Arno minstrels had only a fair audience last night. Some of the novelties were decidedly clever, but the regular minstrel part was not up to the standard of first-class companies. Ramza & Arno did some clever work on the horizontal bar, Leopoldi and Fiorini gave a unique musical pot-pourri; the baseball tableau and the clog of Chas. Lambert was No. 1; Wingate's contortions were better than a circus, and the jugglery of Kurtz is very good. The afterpiece was rotten.

Articles of incorporation of the Oregon Short Line railroad were filed in the office of the territorial secretary of Wyoming on the 14th of March. They empower and authorize the company to build or acquire by lease or purchase or consolidation, or otherwise, the following extensions or branches: From Postelito, running in a northerly or westerly or southwesterly direction, through Idaho into Montana, Washington, and the states of Nevada, Oregon and California; also a railroad from McCommon running in a southerly direction to Ogden, Salt Lake and other places in Utah, Nevada, Arizona and California; also a railroad from a line in Idaho or Wyoming through Idaho and into Wyoming and Montana in a general easterly or northeasterly direction.

New Lake Tahoe Town.

The Truckee Republican says Marlette & Folsom have resumed logging operations at Zephyr Cove, on the eastern shore of Tahoe. They have built a small town, which has been christened Folsom, after the senior member of the firm. The town has a store and numerous buildings. Zephyr Cove is one of the most picturesque locations on the shore of the Gem of the Sierras.

Big Ranch and Cattle sale.

The Silver State says it is learned from reliable sources that Todhunter & Devine have sold their ranches and stock in Oregon, to Miller & Lux and Mason. The consideration is said to be about \$1,000,000. The purchasers are said to be among the most extensive cattle and land owners on the Pacific Coast.

THE NORTHWEST.**The Wonderful Boom In That Section.**

The San Francisco Alta reports that Varnay Gaskill, Secretary of the California State Railroad Commission, has just returned from a flying trip to Portland and the Sound. He says that there is a wonderful activity in Washington Territory. He rode over from Portland to Tacoma with Supt. Horner, of the Northern Pacific, who said that during February the Northern Pacific took out of Tacoma in fares and freight \$300,000. The railroad is bringing 700 and more people a day to Tacoma. Four million dollars will be spent this year at Tacoma by the Northern Pacific in the construction of shops, foundries and all the necessary plant for an immense terminal establishment. Rents at Tacoma, Mr. Gaskill says, are very high. Houses that would rent in Oakland for \$25 a month are easily let at \$50. Lots of 25 feet front, a mile and a quarter from the centre of the town, sell at \$2,500, and the transfers are numerous.

All the towns on the Sound, Seattle, Port Townsend and Whatcom, are booming. Seattle has an electric railway and so has Tacoma. There are now in course of construction at Tacoma a thousand dwelling houses, and everybody expects to get rich.

The big hotel at Portland which Villard began to build, will be finished in about six months. Portland has a hotel worthy the name. The Oregon Railroad Commission will probably adopt the system of reports now in use by the California Commission. Mr. Gaskill is enthusiastic in his description of the overland trip to Tacoma, and the voyage on the Sound to Victoria. He contends that there is nothing in America to surpass it.

Washoe Bonds.

The Commissioners held a meeting yesterday afternoon and accepted the offer of Ig. Steinhart, of the Anglo California Bank, of San Francisco, to purchase the \$30,000 in bonds issued for sewer and State Agricultural purposes. The offer was at par. The bonds run ten and twenty years, and bear six per cent interest. Mr. Steinhart already owns the School bonds of this district, and is well satisfied with Washoe and Reno bonds.

An Old Timer Gone.

James F. Holliday, one of the early settlers of Nevada, and for many years past a resident of Reno, died Sunday morning from an attack of typhoid-pneumonia, his sickness only lasting four days. He leaves a wife, a daughter, Mrs. W. S. Johnson, and a son Alfred, all of whom reside at San Francisco. The funeral will take place this afternoon at 2 o'clock from the Episcopal Church.

The Eureka Sentinel says:

The Reno JOURNAL has entered upon the 16th year of its existence. The JOURNAL is one of our best exchanges, and we hope it may live long and be prosperous.

If Reno has a base ball club the Truckee boys would like to hear from it.—Republcan.

Advice to Mothers.

Are you disturbed at night and broken of your rest by a sick child suffering and crying with pain of cutting teeth? If so, send at once and get a bottle of Mrs. Winslow's Soothing Syrup for Children Teething. Its value is incalculable. It will relieve the poor little sufferer immediately. Depend upon it, mothers, there is no mistake about it. It cures dysentery and diarrhoea, regulates the stomach and bowels, cures wind colic, softens the gums, reduces inflammation, and gives tone and energy to the whole system. Mrs. Winslow's Soothing Syrup for Children Teething is pleasant to the taste, and is the prescription of one of the oldest and best female nurses and physicians in the United States, and is for sale by all druggists throughout the world. Price 25 cents a bottle. Feb. 21-87-1.

WHAT ON EARTH

Is not the reason people will not, or do not see any difference in cheap nostrums put up by Cheap John houses or irresponsible parties at enormous profits? Rather than take a medicine of the field we prefer to take the one that gives universal satisfaction at equal price? No medicine in the world is giving such unparalleled satisfaction for purifying the blood as BREGG'S BLOOD PURIFIER AND BLOOD MAKER, and every bottle that does not do its work will cost you nothing.

* OSBURN & SHOEMAKER, Druggists.

The Silk Department is also complete in all the new shades of Radimers in plain and fancy stripe, also a full line of Pongees. We have also a Special bargain for the ladies to commence on MONDAY MORNING. We will sell during the week 50 pieces of beautiful

SUMMER SILKS

In checks and stripes, at the remarkably low price of 40 cents per yard. We have also a large assortment of French Challies which we will sell at the low price of 10, 12½ and 20 cents per yard. These nice fabrics are now becoming quite popular for ladies' wear on this Coast during the Spring and Summer months.

Sateens in endless variety in plain and checked figures, also a grand assortment of

EMBROIDERIES, WHITE AND COLORED

Our Stock of Floucing in white and black cannot be beaten in prices and quality.

We have a special line of Veilings in colors, also in black, which have just been imported.

In the Ribbon Department we beg to say that we have purchased at a great bargain one hundred pieces, which we will place on sale also on Monday Morning. The prices we are going to sell them for, as a special bargain during the week is Nos. 7 and 9 at 15 cents per yard; No. 12 at the low price of 20 cents per yard. These Ribbons we guarantee ALL SILK, double faced, that is satin on one side. At these prices in order to get your choice come early as they cannot be duplicated for the same money.

PARASOLS!

In all the Newest Patterns at Prices which Defy Competition.

CLOTHING DEPARTMENT!

Our stock is now complete. We have for Men 500 Suits at \$5 per suit; 200 Suits for Boys at \$2 50 per Suit.

Fancy Goods, Carpets, Wall Paper, Lenoleum and Oil Cloth,

MONDAY, APRIL 1st.

WE TAKE PLEASURE IN ANNOUNCING THAT Monday, April 1st, will be our Opening Day, when we will be prepared to show the most extensive and well selected stock of Spring Dry Goods, Fancy Goods, Carpets, Wall Paper, Lenoleum and Oil Cloth, that has ever been imported to this part of this State. We will display a most elegant collection of

Fine Dress Goods And Combination Suits

Including many rare designs and latest colorings, also an extensive stock of Silks, Surahs, India Silks, Rhadames, Faile Francaise, Satins, Plain and Fancy Velvets and Plushes in all colors and tints.

THE DOMESTIC DEPARTMENT

Will be filled to its utmost capacity with the latest and choicest Wash Fabrics, such as Challies, Sateens, Poulards, Batists, Percales, Lawns, Seersuckers, Ginghams, Cambrics, Zancibars, Organzies and many novelties of the season.

TRIMMING DEPARTMENT.

Special attention has been given to the selection of Dress Trimmings, and our large collection of fine Braids, Gimpes, Passementries in all colors and new shades will be found far superior to any that has ever been brought to the place.

Elegant Wraps, Beaded Capes, Fine Jackets

Will be displayed in our Cloak Department. The styles are of the very latest, and some are of the finest quality. The display in the Fancy Goods Department will be very attractive as the novelties of the season will be largely represented. New and very fine Rosery for Ladies and Children.

Fine Silk and Kid Gloves, Corsets Etc.

Of the most popular makes. Ladies' Muslin and knit Underwear, Fine Laces and Embroideries, Handkerchiefs, Collars and Cuffs, Ruchings, Ribbons, Children's Bonnets, and many other articles too numerous to mention will be seen.

Carpets and Wall Paper.

To describe the many choice and stylish patterns we will display would not do them justice. They must be seen. We therefore respectfully invite our customers and the public in general to call and inspect our large and elegant stock, feeling confident that the liberal inducements we will offer will be satisfactory to intending purchasers.

Respectfully,

Palace Dry Goods and Carpet House.

JOHN BREUNER, SACRAMENTO.

JOHN BREUNER,

Furniture and Bedding,

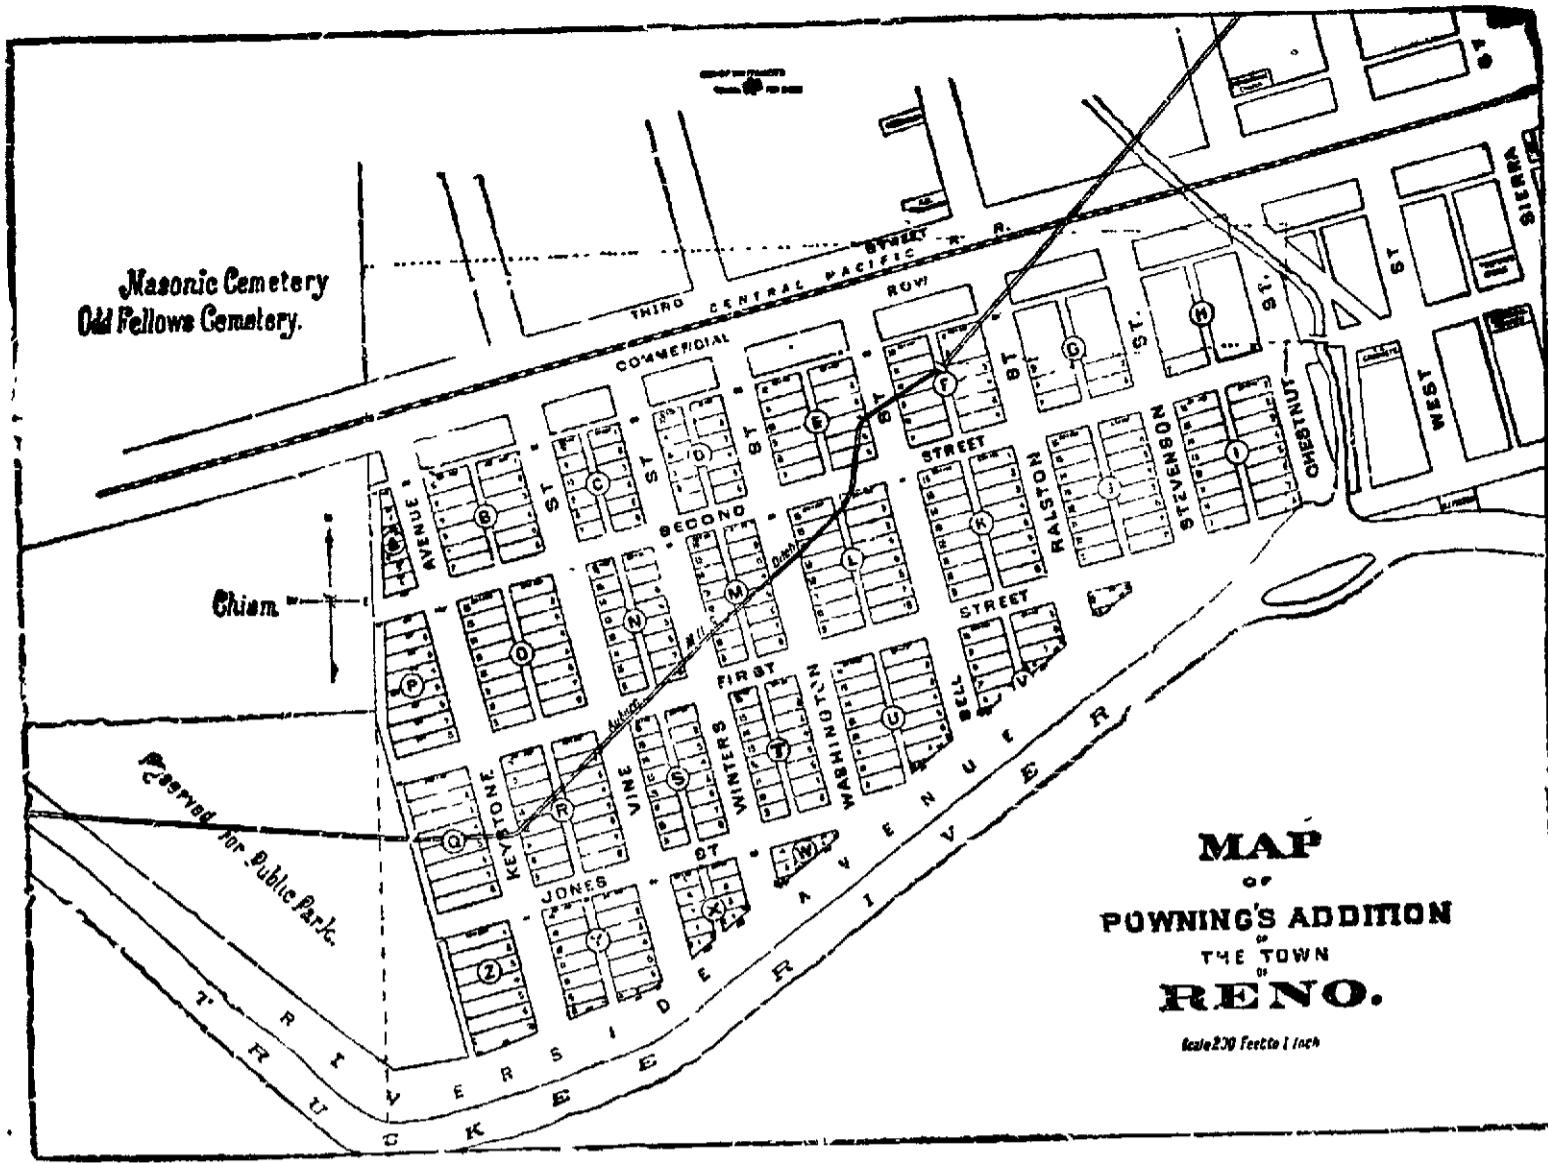

604, 606, and 608 K Street.

SACRAMENTO, CAL.

THE OLD RELIABLE FURNITURE HOUSE OF JOHN BREUNER is well worthy of note, and we take pleasure in devoting to it due space and attention. Mr. Breuner has been engaged in this business for thirty-three years and conducts one of the largest business houses in California. He manufactures and deals in all kinds of furniture and bedding, and has established a most enviable celebrity for the excellence of the goods turned out by his house. He carries a very large stock, embracing all grades and kinds of furniture and quotes prices that defy competition. His goods are all first-class, made of the best material and first-class workmanship, and the people cannot find a more advantageous house to deal with. He carries a supply of photographs of all goods, which will be sent free of charges to any address, and by this method people at a distance can select goods at home as well as in person at his house, and may rest assured of being satisfactorily and fairly treated by him. This is a most convenient and pleasant method for those abroad, and we recommend a trial of it.

250 Beautiful Lots For Sale!

A RARE CHANCE FOR AN INVESTMENT AND A HOME.

THE MOST LOVELY PORTION OF RENO.

Facing the Truckee—The Aristocratic Avenue Riverside Driveway—Splendid Sewerage—Healthy Location and Safe From Fire.

The proprietor is now ready to receive proposals for lots in Powning's Addition. The map gives a good idea of the Tract, which is situated between the Central Pacific Railroad and the Truckee River, and commences on the west at a point three blocks distant from Virginia Street, making it the most central and convenient of any portion of the rapidly growing town of Reno. Unlike any other part of the town this Addition faces the beautiful Truckee River and Riverside Avenue is certain to become the fashionable driveway of the country. The streets are 80 feet wide, while Riverside and Keystone Avenues are intended to be 100 feet in width. All alleys are 20 feet wide. The soil is a rich gravelly loam, and susceptible of the highest state of cultivation. Being situated as it is it is more safe from fire than any other section. The regular lots are 50x140 feet. The sewerage is perfect.

Before Buying Elsewhere Parties will do Well to Look at These Lots.

RENO

RENO!

Has 5,000 Population and is
Growing Rapidly.

The Loveliest Town!

ern Oregon

RENO

Has no equal in Nevada or California for salubrity of climate, wealth of soil, diversity of products and stability. Situated in the very heart of the celebrated Truckee Meadows the future of Reno is assured. Reno is the City of Homes. There is not a house to rent in Reno. New buildings are occupied as fast as erected. Reno has advantages which no other town can equal. The climate is mild and genial in Winter, and even and healthful in Summer. There are no excessively heated or severely cold terms, and while the days may be warm in Summer the nights are deliciously cool; in Winter sleigh-riding is the exception and not the rule.

Facilities for irrigating surpass any in the State and there is no failure of crops. Reno has Churches of all denominations, Bishop Whitaker's School for Girls, Mt. St. Mary's Academy, the State University, and splendid Public Schools.

The Reno Water Co. furnishes ample pure, cold water for all purposes. The Reno Electric Light Co.'s electric light system, already well established, is being augmented. The Reno Gas Co. supplies gas for all purposes. The streets of Reno are lighted by electricity.

RENO

Is the Railroad Center of Nevada.

RENO

Is the Educational Center of Nevada.

RENO

Is Great, and Alfalfa is King!

RENO PROPERTY

Is the Cheapest on the Coast in comparison with that of other cities.

LEGAL.

MINING APPLICATION NO. 587.

UNITED STATES LAND OFFICE, CARSON CITY, Nevada, February 26, 1889.
NOTICE IS HEREBY GIVEN THAT THE Washoe Quicksilver Mining Company, a corporation existing under and by virtue of the laws of the State of Nevada, by Thomas Reynold, its President, attorney for the whole, residing at Virginia City, State of Nevada, has this day filed his application for a patent for the claim of the Washoe Quicksilver Mining Company consisting of the following described five divisions: No. 1, Lafayette, No. 2, Horseshoe, No. 3, Mary Ann, No. 4, Gladstone, and No. 5, New Denmark, each of 103.3 acres, lying on the quartziferous and mineraliferous veins of silver and other precious metals connected therewith, with surface ground 600 feet in width each, all situated in Steamboat Mining District, county of Washoe, Nevada, and designated by the said notes and official plat on file in this office as Lot No. 47, in Section 32, Township 18 North, Range 20 East, E. D. M. Said Lot No. 47 being described as follows:

Field notes of U. S. Survey, no. 42, Township 18 North, Range 20 East, Mount Diable base and meridian, claimed by the Washoe Quicksilver Mining Company, and consisting of five divisions: No. 1, Lafayette, No. 2, Horseshoe, No. 3, Mary Ann, No. 4, Gladstone, and No. 5, New Denmark, and the mining properties appertaining thereto, situated in Steamboat Mining District, county of Washoe and State of Nevada.

Field notes of Division No. 1, Lafayette, U. S. Survey, No. 42, in Section 32, Township 18 North, Range 20 East, Mount Diable base and meridian, beginning at the southeast corner of the section line, No. 1, a post marked "Lafayette P. No. 1, W. G. M. Co., U. S. Survey, No. 42," and running thence
